Coronado Oil Co., Inc.	N. Y. 1929.	
Coronado Oil & Gas Company—Incorporated in Delaware in 1928. The name of this company was probably used to confuse the public with the rich Oklahoma Company of the same name, that paid $80.00 per share in dividends in 1928. The stock of the subject company was last quoted in 1928 at 10 cents bid, 20 cents asked. There was no market for the stock since then. It is our opinion that the company went out of business during that period. We found no record of the company's operations nor any trace of its officers. There is no evidence to show what year the company went out of business. However, we are inclined to believe that the stock became worthless sometime during 1929 or 1930.

Corry Building & Loan Co., Corry, Pa.	We were informed by the above company that on Sept. 24, 1929, the amount paid in on the stock plus earnings credited on said payments was withdrawn and closed and a check was issued to A. L. Smith on that date. No payments were made on the stock since that date. Therefore, it is reasonable to assume that the stock held by the estate had no value as of Sept. 11, 1932.

Cortland Corundum Wheel Company.	Incorporated under the laws of the State of New York March 13, 1902, and had their principal place of business at Cortland, New York. We addressed a letter to said corporation at Cortland, New York, and received the following answer from P. M. Ayer of the Ayer Insurance Agency, Kidder Building, Plymouth, N. H. "The Cortland Grinding Wheels Corporation has forwarded me your letter of January 20th. Altho I am unable to give you the exact date, the Cortland Corundum Wheel Company was legally dissolved more than ten years ago, and I should say that the stock was valuless." Apparently Mr. P. M. Ayer was formerly an officer of the subject corporation. However, we have a letter from the Secretary of State of New York stating that they have no record of a dissolution. Probably the attorney that dissolved the company failed to notify the Secretary of State regarding the dissolution. In view of the above we submit the shares as valueless.

Coty Bag Company. This company is located at Watertown, New York. We have been informed that the company is in active operation and is turning out 30,000 sacks per day. On April 1, 1930 they had a surplus of $2,300. They are in their early stages of the enterprise and have not paid any dividends and according to reports, their future looks bright. They manage to get par for their stock, probably to investors interested in the company.

Country Club of Lincoln. We were informed by Mr. Thos. C. Woods, of the law offices of Woods, Woods & Atken, Bankers Life Bldg., Lincoln, Nebraska, that this is no doubt a certificate for shares in the original club which was reorganized years ago and is of no value. People who owned stock in the original country club automatically received a membership in the new club. Memberships in the country club are non-transferable and cannot be sold.

Crane Iron Company. Incorporated in 1889. Capital stock—Authorized $1,500,000. Par—$100. Officers (old)—Samuel Dickson, President; James H. Hodge, Secretary. Remarks—This company made an assignment many years ago and its property sold in 1895 and purchased by the Crane Iron Works, which company operated the plant. At the sale the amount realized was not sufficient to make any returns to the holders of Crane Iron Company stock, which is accordingly valueless.

Crankless Engine Company. Dr. E. H. Armstrong, President of the company, located at Box 3036, Station "F", Jacksonville, Florida, and is also connected with Armstrong Estates, Inc., of the same address, informed us as follows: "For the past couple of years, apparently owing to the fall of Wall Street, we have not been able to make much headway. Our Eastern connection informs us until such time as they have sufficient money to go into manufacturing, our company will remain in a state of coma. We trust, however, to see some decided improvements in the near future." In view of the above we submit only a nominal value for the capital stock at the present time.

Cuba State Bank, Cuba, Kansas. This bank was closed December 17, 1892. A. Chauncey Perry liquidated the estate. The State Banking Department of Kansas holds no funds for the capital stock. According to the last statement of the bank, there were liabilities of $81,000 and a paid-in capital of $50,000 with no surplus or undivided profits. On this basis, the creditors were not paid in full, leaving no equity for the stock, which is without value.

Cuban Land & Plantation Company. This company never had any legal existence whatever, was never registered in Cuba or incorporated in South Dakota. In 1913 action was brought against Charles Eugene Carbonneau, a French American Company promoter, charging fraudulent misrepresentation* of the company's property. The company sent out a prospectus and it contained many photographs purporting to represent wonderful scenes on the Cuban plantations, while in reality the company did not ever have a clear title to the property. We find no trace of this company for many years and in view of the above we believe all securities of the company worthless at the present time.

Cuban Motor Spirits Company. Value of Preferred Stock. Incorporated in Delaware — stock dated August 22, 1917. Company went out of business in 1920 and their charter was forfeited January 27, 1923, for non-payment of two years taxes. In May, 1919, 500 shares of Preferred Stock were sold at auction for $25.00 for the lot, at A. H. Muller & Son, New York City. In view of the above, we do not attach any value to the Preferred Shares, and submit them as worthless.

Culbertson County Royalty Syndicate — Reported to have been located at Van Horn, Tex. We have searched our oil records and find a company by the name of Culbertson Syndicate, which is probably the same company. There have never been any sales of the stock, but found offerings in 1923 at $4.00 per share with no bids. There was no mention of the company after that date. It is our opinion that the subject company is out of existence and the stock worthless.

Cumberland Coal Co., Inc.		1
Cumberland Coal Company of Nova Scotia. Value of 6% Mtge. Bond for $500. Incorporated in New York about 1866. Our correspondent found a trust deed apparently to secure the above bond issue but the only assets covered by the trustee was a lease of some coal areas in the District of Maccam which expired probably forty years ago, and has been reissued to other companies who subsequently became defunct. The Trustee of the issue, The Bank of British North America, now the Bank of Montreal, informed us that they never held any funds for the bonds, and confirmed the above information. When the company lost its leases, the bonds became worthless and the company defunct. It is our opinion that the bonds are without value.

Cumberland & Ohio Railway Company. The stock of this Railway is of no value. The road was sold under judgment rendered Sept. 26, 1898, to enforce the lien created by the mortgage of July 2, 1879, and was purchased at a sale made under the decree of March 2, 1900, when P. Booker Reed, for himself and certain bondholders, became the purchaser, and on June 2, 1900, the sale was confirmed.

Curtin Oil Company. Incorporated: Pennsylvania, 1864. Officers: Albert F. Damon, President; E. D. Ackley, Secretary and Treasurer. Address: 503 Chestnut Street, Room 507, Philadelphia, Pa. We have the following information from Mr. Ackley, Treasurer of the Company: "The total income for the year ending April 30, 1929, was $235.41. The Total Disbursements were $610. The Company owns about 33 acres of land in Venango County, Pennsylvania, which is leased on a royalty yielding the company one-eighth of the production. There has been some talk by the present lessees to put an air pressure on the production, to increase it, but up to the present, the results have amounted to nothing. This one of those old companies organized about 1864, but for a period of years had no production and then started in again with a very small production. I do not know definitely at present just how many wells are on the property, but I do know the average production for the Venango Field does not average over a third of a barrel per well. At this rate you can readily see it takes quite a production to amount to anything. As regards a market for this stock, I know of none, but if you will advise me of the number of shares your client holds, I will see what can be done with it. For taxation purposes, the land is assessed at $2,000. For further information we refer you to Mr. Ackley, who may be reached at the address of the company.

Cushing Ranch Drilling Association.	Incorporated under an agreement and declaration of trust dated January 30, 1920, and recorded in the office of the County Clerk of Glasscock County, Texas. Officers—H. H. Enders, President; C. C. Hyllested, Secretary. This company was a Lab. Company of H. H. Enders & Company and the value of its stock was dependent on the value of the stock of H. H. Enders & Company. Therefore the same report given on the H. H. Enders & Company applies to the Cushing Ranch namely—The company was purely speculative depending on the outcome of three drilling operations. These operations failed to produce oil and the company collapsed. There were no assets. If the wells proved to be a failure subsequent to 1923, the failures showed that there never was any real value at any time. We therefore believe the stock of this company without value as of 1923.

Cynide Gold Mining Company. Incorporated—January 21, 1919. Capitalization—$3,000,000. Par—$1. Bonds—$40,000 3 yr. 10% issued September, 1924. Address—J. B. Ellis, Bonners Ferry, Idaho. Officers—J. B. Ellis, President & Mgr.; Dr. C. B. Boyle, Vice-President; Ben H. Miles, Secy. & Treas., 1008 E. Augusta Ave., Spokane, Wash. With Geo. R. Cairston, F. A. Shults, Chas. Peterson and Peter Proff, directors. The State Inspector of Mines states that this company's expenditure for equipment, development, etc., was among the largest in the State during 1924 and it is undoubtedly making a sincere effort to succeed. This, however, may not be easy to accomplish from the shareholders' point of view under a $3,000,000 capitalization. We find no recent market for the stock. (1930)

We are advised by Mr. Thos. E. McEntegart, attorney for the company and located in the Fisk Building, Broadway at 57th St., New York City, that all the stockholders are known to him. The holders of stock are intimately acquainted with the business and would not under any circumstances apply to an outsider for information as to its value. If your client holds any stock in the company Mr. McEntegart advises he get in touch with him, as the stock probably is a fraud.

Dalzell Petroleum Company — Concerning this company we have been advised through one of our correspondents as follows "I have today learned from E. D. Ackley, who is located at 629 Chestnut St., Philadelphia, and who was Secretary and Treasurer of the Dalzell Petroleum Company, that the property of the company was sold because of lapse of charter in August 1917 by order of the Court, and the resulting fund was distributed to such of the stockholders who deposited their certificates. The entire fund was thus exhausted and the company's affairs wound up. The Trustee in the matter was Henry Trumboure, who, Mr. Ackley advised, is now deceased." The company referred to in our Manual evidently is not the same company.

Danville Mining & Milling Company. Incorporated—Colorado, 1908. Capital—$100,000. Officers—Geo. Edens, President; J. W. Clingan, Secretary. On October 19, 1918, the company was advertised defunct and inoperative, since which time we have been unable to find any trace of the company or its officers. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Darby Petroleum Company. Incorporated in 1919 in Delaware with a capital stock of 201,073 shares, no par value. Company was formerly known as the Brozos Oil Company. Capital shares were originally offered in 1919 by Eastman Dillon & Company who are now located at 120 Broadway, New York City. Company reported an office at Shreveport, La., in 1919. In December, 1925, A. H. Muller, New York, sold 34,000 shares at $3,200 the lot. For further information we would suggest that you write to the above mentioned companies and to Manning & Company, Fort Worth, Texas, who offered some shares at 6¼ in May, 1927.

Darco Corporation. Company was organized under the laws of Delaware on May 6, 1920, having an outstanding capital stock as follows: $1,500,000 8% Cumulative Preferred "A" par $100. $1,200,000 8% Preferred "B". 40,000 shares Common—no par. Sutro & Company, bankers, offered $1,500,000 of Preferred "A" at par with bonus of one share Common with each two shares of Preferred in April, 1921. The International Carbon Corporation of Wilmington, Delaware, owns $1,353,900 of the class "A" Preferred, $945,400 of the class "B" Preferred and 38,511 shares of the Common, so that quite naturally there is practically no open market for the capital stock. As of December 31, 1925, the general balance sheet of the company showed a profit and loss deficit of $308,765.96 giving the class "A" Preferred stock a value of $79 a share. The class "B" Preferred and Common stock are represented by good-will, and as the company has operated at a loss for over three year, we do not attach an value to the good-will of either the

Preferred "B" or Common stock. Also the company states that it would probably be fair to value the Preferred "A" stock at $79 a share and in the absence of any sales or quotations, we submit $79 a share as a very fair valuation for the Preferred "A" stock. On December 1, 1923, we find that 50 shares of the class "B" Preferred sold at auction in Philadelphia at $21 the lot and it is our opinion that both the class "B" Preferred and Common stock are of no value, as of November 23, 1926.

Darien Shipbuilding Corp. This company was organized in Georgia the early part of 1918 to build wooden vessels. It received a contract from the government to build barges. After preparing the yard for such, the contracts were canceled and the company had to shut down and has remained so since. Those familiar with the company's affairs, advise that its assets consist of rusted machinery. They state that they regard the stock as having no value and we submit it as such at the present time.

Dar-Tay Company, Inc. Incorporated July 28, 1922, in New York, and is located at Ossining, New York. Mr. T. J. Dynan, President of the company, informed us that the stock has no value at present and does not know where you could dispose of any. The General Manager died and then hard times hit the company. Mr. Dynan is keeping the corporation alive pending the time when they can get some business. Mr. Dynan has personally been meeting obligations of the company, but he stated that if he can get the company going again within a reasonable time, he will feel repaid for any anxiety he feels now. We do not find any market for the stock, and believe the shares have only a nominal value at this time.

Daugherty Cattle Company—Incorporated in Texas, June 10, 1902, and was located at Abilene, Texas. The company forfeited its right to do business July 2, 1906. Incorporators: J. M. Daugherty, W. E. Neill, T. W. Daugherty, all of Taylor County, Texas. We have found no evidence that anything was ever paid to stockholders. It is our opinion that the shares are without value.

Dean Alvord Company. Incorporated in New York April 24, 1907. This company held substantially half of the capital stock of four other companies that failed with this company and the shares proved of no value. A receiver was appointed for this company in 1913. Funded debt, $260,000, 20-year 5% bonds due May 15, 1927. These bonds were exchangeable for preferred of the Dean Alvord Securities Company in the plan of reorganization. It was reported in March of 1915 that for the second time within two years the Dean Alvord Securities Company found it necessary to give up the ghost. When the company first drifted into the seas of financial difficulties two years ago it prevailed upon its creditors to agree to a plan of reorganization. In the failure of 1915 it had liabilities of $1,073,672 and assets of $325,387. There were more than $880,000 unsecured claims. As far as the public was concerned their investment in development projects based upon unimproved property ended disastrously. In view of the above it is reasonable to assume that the capital stock of the new company and the bonds of the Dean Alvord Company are without value.

Death Valley-Arcabvada Consolidated Mines Co.	Incorporated in Colorado and was located at Denver, Colorado. As of 1914 the company had outstanding $145,000 of 8% first mortgage bonds. The last report was filed in 1914. No trace of the company could be found since then. We have several letters from brokers in 1915 informing us that the shares were without value. It would seem reasonable that as the company was not a success, the bondholders probably took over the property. However, we do not believe the bonds have any present value. In view of the above we submit the shares as worthless.

Deep Sea Fishing & Excursion Corporation. Value of common stock, par $10 each. Incorporated in South Dakota, September 22, 1924 with Geo. W. Beebe of 640 Second Street and August J. Fetter of 111 Hale Avenue, both of Brooklyn, New York, as the incorporators. The business office was located at Room 308 Whitehall Terminal, New York City in 1924. Our city directory of corporations for 1926 does not list this corporation, and it is our opinion the company failed during 1925, and went out of business. We found no evidence that the stock ever had a value, and it is our opinion that the stock is worthless.

Deepwater Coal and Iron Corporation. Incorporated in Delaware to develop coal properties at Jasper, Alabama. About the end of 1929 the company was reported selling large parcels of land at nominal figures in an endeavor to clear up their debts. We were informed that in 1929 the company attempted to get additional capital but were unsuccessful. The result was that the company had insufficient cash to pay its debts and was placed in receiver's hands in 1930. The charter of the company was void in 1932. On Dec. 19, 1928, 1,000 shares of preferred stock were sold at auction at Adrian H. Muller & Sons, N. Y. C. at 10 cents per share. On Dec. 19, 1928, 2,000 shares of common V. T. C. were sold at auction at Adrian H. Muller & Sons at 2½ cents per share. We have attempted to obtain a balance sheet of the company but were unsuccessful as the company is not required to file any with the Secretary of State. However, attached is a copy of the annual report filed with the Secretary of State of Delaware on January 1, 1929. The company was enjoying a corporate existence in 1928 and according to the above sales of stock the shares had a nominal value as of Dec. 31, 1928. When the company was unsuccessful in securing additional capital in 1929 the shares then became worthless for not enough could have been realized to pay the company's debts.

Deer Park Land & Investment Co.	Incorporated in New York and had an office at 261 Broadway, New York City, in 1906. Officers—Nelson A. Farrand, Treas. & Dir.; Dibert A. Sharkey, Dir. In 1907 the company was reported dissolved. In view of the fact that the deceased was a director of this company, we believe that had there been any distribution of assets, if there were any, the deceased would have received his share. Our records do not disclose that any liquidating payments were made. Therefore, it is our opinion that the shares are worthless.

Deland Water Works Company. First Mortgage Bonds, due July 1, 1930. We have been informed by the City of DeLand, Fla., that there are no City of DeLand Bonds that are due in 1930. The only bonds they have were issued in 1923 and 1925. The city owns its water works and the bonds you mention were for the old water company of some 40 years ago. We have a record that there was such a company that operated in Florida in 1890 and that the company never began operations, the charter becoming extinct by limitation. Bond due 1930 and stock dated 1890, both worthless.

Delmore Manufacturing Company, Inc.	Incorporated—New York. Capital—$500,000. Officers in 1922—Minturn Smith, President; Cecil M. Billings, Vice-President; Eug. F. Van Voorhees, Treasurer; Edw. C. Landergreen, Secretary. Address—58 W. 39th Street, New York City. We find no trace of the company or its officers since 1922. We believe the company out of existence. On June 29, 1929 the charter of this company was proclaimed repealed for non-payment of five years' taxes. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Delvatex Petroleum Corp.	Incorporated in Delaware in 1919 and had an office in the DuPont Bldg., Wilmington, Del., in 1922. The stock was listed and traded on the New York Curb and was quoted in Jan., 1922, at $1 per share bid, with no offers. Alex I. DuPont, Pres.; Edward B. Rich, Vice-Pres.; Chas. E. Batchelder, Secy. In 1925 W. A. Larner was reported as President and had an office at 17 Battery Place, N. Y. C., and was controlled by the Peyton-DuPont Securities Company, 350 Madison Avenue, N. Y. C. The latter company informed us that the subject company owed them a great deal of money, and the result was that the properties at Clarksburg, W. Virginia, were sold at public auction and were bought in by Peyton-DuPont Securities Company for less than the debt, leaving no equity for the capital stock, which is without value.

Denison Land & Loan Company. This company was incorporated under the laws of the State of Texas and was located at Denison, Texas, in 1901. The company owned a lot of real estate near Denison which proved of little value. The company's last statement in 1901 showed a balance of $1,918.87. Mr. Geo. P. Tenny, Vice-President of Peoples National Bank, Claremont, New Hampshire, informed us that there is no value to the stock of this company. Mr. E. J. Tenny, of Claremont, New Hampshire, was president of the company in 1901. In view of the above, we submit the shares are worthless.

Denver & Boulder Valley Railroad Company.	Chartered October 1, 1870. Default was made on the bonds of the company and the road was turned over in September, 1879, to the trustees under the mortgage, who authorized the Union Pacific to operate the line. The $550,000 of First Mortgage Bonds were held in trust by the trustees of the Kansas Pacific Consolidated Mortgage. The road was later operated by the receivers of the Union Pacific for the trustees of the Kansas, Pacific Consolidated Mortgage, in whom title to the property was vested. There being no equity left for the stockholders, we submit the shares as having no value.

Des Moines, Osceola & Southern Railroad Co. This company operated in 1877. The mortgages on this road were foreclosed and a receiver was appointed who operated the road for about one year. At the end of that time orders were given by the Court to sell the property. This was done at a price of about $750,000; the Bondholders Committee purchasing the road. However, the receiver then presented his certificate which amounted to something like $750,000 as a result even the First Mortgage bonds were wiped out, as the receiver's certificate was a prior lien.

Detecta Phone Company of America, Inc.	Incorporated under the laws of the State of New York and had an office at 1133 Broadway, N. Y. C., in 1913. The company claimed to have had a patent which was to supplant the telephone and telegraph line. Guenther R. Preusse, President; Adam Dingwall, Vice-President; Walter C. Tower, Treasurer. New officers in 1915: Gaillard Smith, President; R. E. Rose, Vice-President. We understand that the company never progressed beyond the experimental stage. In 1916 the company was reported out of business. The company's charter was forfeited by proclamation of the Governor in 1929. It is our opinion that the preferred and common shares are without value.

Detroit, Jackson & Chicago Railway Co.	Consolidated 5's, due 1937. These bonds were secured by a second mortgage on most of the company's lines, which wre dismantled and scrapped in 1929. The holders of this issue will probably not receive any distribution whatever, as expenses of liquidation and payment of prior liens are expected to absorb the amount realized by the receiver from sale of the assets. According to the above, it would be useless to deposit the bonds with the Bondholders' Committee, for it is our opinion that said bonds have no value.

Detroit Oil Corporation. Incorporated in 1919 in New Mexico, and was located at Las Cruces, New Mexico. The circular advertising the stock makes the following statement: "Offers you a chance to make an immense profit on a small investment." Everything in their prospectus denotes high pressure salesmenship, and a lot of "if" talk. The 1921 oil register does not state that the corporation owned any property. It is our opinion that some land was leased for drilling purposes. The total capital stock was $200,000. It generally costs about $150,000 to sink a well. The company most likely found sand and went out of existence for lack of funds, for we have found no trace of the corporation since 1921. It is our opinion that the shares are worthless.

Detroit & Ontonagan Mineral Land Company. This company was organized in 1853. It has not been operating for a number of years past. We understand its only assets are certain undeveloped mineralized land which has at best a very speculative value. There has been no market for the stock for some time and inasmuch as these shares have been reported as having only a nominal value in other proceedings, we submit them as such at the present time.

Detroit Properties Corporation. Value of No Par Common Stock. Incorporated in Michigan, February 17, 1925, for the purpose of dealing in real estate in the City of Detroit. The corporation's last statement of December 31, 1929, showed assets of $13,770,667. Bonded Debt, $7,155,000; Preferred Stock, $4,956,100; Purchase Money Obligations, $1,167,702; Other Liabilities of $674,321. All of the bonds are in default and sell at about from 5 to 10%. No dividends have ever been paid on the Preferred Stock. If the Common stockholders get anything out of this over capitalized company it will be a miracle. Most of the assets consist of $11,766,512 representing real estate, buildings, etc., that were probably written up for finance purposes. On December 2, 1931, 12,000 shares of Common Stock were sold at auction in Detroit at $1.00 for the lot. It is our opinion that the shares are a total loss.

Dewees Fabric Trimmer Company, Ltd.	Incorporated —Pennsylvania about 1887. We are unable to find any trace of this company for a great many years and believe it out of existence at the present time. Furthermore the Secretary of State of Pennsylvania advises us that he is unable to find any record of a company with the above title. As far as we can ascertain there is no market for the stock, which we believe valuless at the present time.

Diamond Chief Mining Company. Incorporated under the laws of the State of Washington, Sept. 21, 1903, with the names of Robert H. Richards, L. Woodruff and W. H. Hooper as trustees and managers. All of these men have died and no mention of the company has been made for years. Company was located at Asotin, Washington. The County Auditor of Asotin, Washington, and the Bank of Asotin County are of the opinion that the company has been out of existence for a good many years. If the stock had any liquidating value we would know about it. Company was stricken from the records of the Department of State at Olympia, Wash., Aug. 23, 1909, for failure to pay annual license fees. It is our opinion that the shares are worthless.

Diamond Coal Land Company. According to our records the company's office is located at 16 South Broad Street, Philadelphia, Pennsylvania, with David Pepper as President, and A. P. Gerhard as Secretary and Treasurer. We have written letters to both the company and the Secretary and as yet have not heard from them. In 1915 the company paid a dividend of $14.00 per share, in 1916 $10.00 per share and in 1917 through October $4.00 per share had been declared for dividend. In September, 1917, Mr. Gerhard reported that there were no liabilities outside the capital stock and the assets consisted entirely of ground of which the business of the company was to sell the surface rights. Mr. Gerhard also reported at this time that it would be impossible to arrive at any valuation as the property could be of no use to anyone except for building purposes. On June 28, 1924, one share was sold at $5 by Barnes & Lofland of Philadelphia at auction. We will forward later information to you when we receive same from the company or its Secretary.

Dique Steamboat Company. Incorporated — New York, 1868. Capital—$300,000. Par value—$100. This company maintained an office in New York City until 1870, but we can find no trace of it after that year. It is our belief that the company went out of existence about that time. In 1911 the stock was reported worthless, and we submit it as such at the present time.

Direct Control Valve Company. Address—8 South Michigan Avenue, Chicago, Ill. The following is a letter from the president of the company, which is self-explanatory: "Referring to your letter of October 21, concerning the estate of Clifford R. Dunham owning shares of stock in this company, for some time there has been no active trading in this company's securities in the over-the-counter market where it was formerly traded in, due to general conditions. The only sales of company's stock have been private ones. The latest transactions which we are familiar with along these lines have been on the basis of $6.00 a share for the 'A' stock and $2.00 a share for the 'B' stock. The company is not interested in making any direct purchases of their securities themselves, but we occasionally have inquiries from private individuals who are interested in the stock, and we should be very glad to make a record when we hear of such an inquiry and refer them to you. As you are probably aware, during the past year and one-half, conditions have been about as low in point of building construction as they have ever been, with the result that the company's volume of business this year has shown a very marked decrease. The company has accordingly put into effect some very drastic economies and has made every effort to operate on a balanced budget. Even in the face of present conditions the company has as large a volume of business under actual ngotiation as it has had at any time since starting operations in the Winter of 1926 and 1927, and we feel very hopeful of closing a large share of this business in view of the fact that our product is specified. The background of performance which this company's product enjoys is a most excellent one, and the splendid record of the efficient operation of the product obviously is constantly improving our reputation among the leading architects and engineers of the country. It is difficult for anyone to predict the future, but when the turn for the better comes in general business it is going to reflect most favorably, we believe, in our earnings."

District Trading Company. The District Trading Company was incorporated under the laws of the State of New York in 1929 and had an office at 43 Cedar Street, N. Y. C. We have been informed that the company went bankrupt in 1931 and had gone out of business. We interviewed the building agent at 43 Cedar St. and was informed that this company had an office with Henry P. Velt, an attorney in their building. Mr. Velt informed us that he incorporated the company but knows nothing further about it. We have made a thorough search of our records and found no evidence that the shares had any value since 1931. Therefore in view of the above it is our opinion that the stock became worthless in 1931 at the time the company ceased to exist and submit it as such as of that time.

Dixie Land & Live Stock Company. We do not find any trace of this company at the present time and believe it out of existence. Banks located in the City where the company is reported to have had an office, advise that they have no record of such a company. Furthermore, letters addressed to the company are returned and marked "unclaimed." As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Dolores Esperanza Corporation. Incorporated in Maine and still maintains its corporate existence. Mr. Henry S. Lockwood, an attorney, located at 597 Madison Avenue, N. Y. C., is taking charge of its affairs. Mr. Lockwood informed us that the company lost its property in Mexico and is dormant at the present time. The company has no assets and there are no prospects of reviving the company until silver prices get better. Therefore, we submit the shares as worthless as of April 19, 1933.

Dome Oil & Refining Company. Incorporated in Texas, February 21, 1920 and maintained an office at Houston, Texas. We do not find trace of this company nor any quotation of its stick since the time of its incorporation, and it would appear that the company never even began to function. On July 2, 1922 its charter was forfeited for non-payment of taxes. We believe the stock without value at the present time.

Dominion De Forest Wireless Telegraph Company, Ltd.	Company was capitalized at $1,200,000; shares $5 each. It had a contract with the American De Forest Wireless Telegraph Company and was in some way connected. The Dominion Company proposed to build and operate wireless stations throughout Canada. The De Forest management had in time past come in for severe arraignments on account of lack of conservatism, and the organization of the Dominion Company was simply one of a number of organizations and amalgamations which have followed one another so rapidly that investors have become confused. The American De Forest Company passed out of existence together with the Dominion Company and it is our belief that the stock is valueless at the present time.

The Cape Breton Railway Company, Ltd., was acquired in 1920 by the Canadian Government. The creditors of this road did not receive more than 10 cents on the dollar, leaving no equity for the stock, which is now worthless. It is reasonable to assume then that the shares of the Dominion Securities Company are worthless.

Donald McMillan Oil Company, Inc. Incorporated in New York July 5, 1918, and at that time maintained an office at Yonkers, New York. We are unable to find any trace of the company for a number of years and believe it has gone out of existence. On December 16, 1929, the company was dissolved by Proclamation for non-payment of taxes. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Donaldson (Arthur), Productions, Inc. This corp. was incorporated under the laws of Delaware and had an office at 220 W. 42nd St., N. Y. C. in 1921. The Copartnership Directory of N. Y. C. for 1922 reports info. unattainable. The 1923 directory does not list the Co. as a going concern. The Delaware charter was repealed Jan. 23, 1924, for non-payment of taxes for two years. Therefore, it is our opinion that the Pref. & Com. shares are worthless.

Doyle Consolidated Mines Company.	Incorporated in Arizona in 1907. It was reported that Mr. E. R. Marden, the promoter of this company, stated that he had a rich mining proposition, and it was impossible to lose any money. Following this, the prime booster sent letters to stockholders saying he needed $10,000 more to put the mine in working order. He had as insatiable an appetite for investors' money as the sun has for water. In 1920 it was reported that the property had failed to fulfill the extravagant claims and promises of the White Quail promoters. In 1922 it was reported that the company was defunct and the stock worthless.

Drigold Corporation. Incorporated in Indiana. They have been operating under some difficulties and have been very hard pressed for capital for taking care of their payrolls and other bills, but we are informed by the company that prospects look rather encouraging for a plan of re-financing.

Dri-Heat Co., Inc.	N. J. 1933.	

Dri Heat Corporation. This corporation at the present time is located at 411 State Tower Building, Syracuse, New York. The company's stock enjoys no open market, but the secretary of the company advises us that the plans are in progress for a new arrangement which may make a more active market for the stock. The securities of the company he states, are safe, but as the company is not very active and has so few stockholders, there are few buyers.

Drillers' Oil Co. (Beaumont, Tex.). Par value 10 cents. The Driller's Oil Co., it is reported in 1901 had one-fourth interest in a fine gusher on Spindle Top. The United States Investor reported that the company had a one-fourth interest in one-fourth acre on Spindle Top, and the well brought in, was on the intersecting line of the four companies belonging equally to each on Nov. 9, 1901, the stock was selling at seven cents per share. The gusher probably did not amount to much for the company did not have any money to pay their Franchise Tax for 1905. Evidently the company passed out of existence about that time, for we found no further record of the company after that date. It is our opinion the shares are worthless.

Dubuque Lancaster Land Co.	Incorporated—Wisconsin, May 3, 1906, but went out of existence October 10, 1917 by filing a resolution of dissolution. Location—Lancaster, Wisconsin. In answer to our letter, we are informed by Mr. C. H. Basford's, former treasurer of the company, son that Mr. Basford is dead, and that he knows nothing about the company, so can give us no information. The Union State Bank, Lancaster, Wis., informed us that there is no such company now in existence, no market for stock.

Dunlap (James) Carpet Co. Preferred (Par $100). Common (Par $100). Incorporated under the laws of the State of Pennsylvania previous to 1901. H. B. Claflin Co., were the agents with an office at 224 Church St., New York City, at the time. In 1907, office was removed to 95 5th Avenue, and Peter J. Brady was reported to be the New York Manager of the Company. In the Press of September 23, 1907, it was reported that Mr. W. M. Ostrander was selling these shares for $125 and that he had a contract with the Dunlap Carpet Company in which he contracted to pay the Company $90.00 for every share he sold, he being at liberty to sell them at any price above $90.00. It was said that he paid $300,000., into the Treasury of the Carpet Company, which enabled them to pay dividends for a while.

Dupont Copper Mines Company. Incorporated—Arizona, February, 1916. Located at Searchlight, Nevada. Property—The Sazarzc group, formerly owned by the defunct Gold Coin Mining Company and the Bornite group. Mail returned from N. H. Wheeler, General Manager, 10 E. 43rd Street, New York City. We find no trace of this company after 1926, and as far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Durham Land Company, Inc. This company has a New York address in care of Mr. Otto Alp, care of Hallgarten & Company, 44 Pine Street, New York City, and the main office is located at Chattanooga, Tenn. About March 15, 1930, the Durham Land Company was formed and bought the properties and assets of the Durham Coal & Iron Company for $396,400. As we understand it, each $1000 bond of the Durham Coal & Iron Company was exchanged for one share of Durham Land Company stock. This exchange was made by the company. The right to make this exchange has since expired. The bondholders that made the exchange received with their one share of stock of the Durham Land Company $20 per share, representing the first liquidating dividend. There have been no other payments since then. Mr. Alp informed us that the company owns about 60,000 acres of land that he says is extremely valuable. There are only 2500 shares of stock outstanding that sometime will prove of considerable value. There is no market for the stock, but could sell it privately if anyone needed the money. However, the stock would never sell at what it is worth, and would advise holding until better times are here.

E-Z-Fit Artificial Limb Company, Inc. Incorporated New York. This company went out of business in 1921 after a foreclosure of its lease, on the premises it occupied in West 42nd Street, N. Y. C., for non-payment of rent. The assets were sold to satisfy its obligations outstanding at that time. This corporation has not been officially dissolved, but its charter has lapsed since 1924 for non-payment of taxes. There is no possibility of the company reviving its business, and we are informed the common and preferred stock has no value whatever. We therefore believe the common and preferred stock has no value whatever.

Eagle Lead Company. Incorporated 1927 in New Mexico and had an office at 637 First National Bank Building, El Paso, Texas, in care of Fred H. Nye. Company installed hoist and jigs and started development in 1927. No recent news. Apparently the company failed the same year for its charter was forfeited in 1928. There was no market for the stock in 1927 and believe it became worthless in that year.

Eagle Macomber Motor Car Company. Incorporated in Delaware about 1915 to manufacture a low priced motor car. One dollar par stock was offered at $2.00 per share. Most of the company's energy reached into the price asked for the stock. In 1919 the stock was offered at 10 cents per share with no bids. The Delaware charter became inoperative and void on March 16, 1921. The Company never progressed beyond the experimental stage. It is our opinion that the shares are without value.

Eagle Petroleum Company. Incorporated—Delaware, 1919. Capital—$2,000,000; common $1,900,000; preferred $100,000; par value $1. Properties—About 5000 acres of fee and leases in North & South Texas. Address in 1921—416 Carter Bldg., Houston, Texas. We do not find trace of this company after 1921 and believe it went out of existence about that time. The last quotation of the sock, of which we have record, occurred on January 3, 1922, when 100 shares were offered at market, no bids received. We believe the stock without value at the present time.

East Tennessee Land Company. Incorporated May 25, 1889, in Tennessee and had their office at 20 Astor Place, N. Y. C., and Harriman, Tenn. The company purchased over 250,000 acres of land, which secured the $1,000,000 of 6% debentures. The Central Hanover Bk. & Tr. Co., trustees for the debenture bonds, informed us that the agreement under which the bonds were issued was foreclosed in 1893, the company having failed. No funds were paid into the trust company for the benefit of the debenture bonds, which are now worthless. Therefore, it is reasonable to assume that the capital stock is worthless.

Easton Canning Corporation. Incorporated in Maryland. Officers: R. H. Montgomery, Pres., care of W. O. Gay & Co., 27 William Street, N. Y. C.; H. H. Woodward, Vice-Pres., 25 Light Street, Baltimore, Md.; F. Knaack, Sec. and Treas., 25 Light Street, Baltimore, Md. We have received the following letter from the President of the company: "I regret to advise you that there is no market value whatsoever in either the preferred or common stock of the Easton Canning Corporation. It had been hoped two or three years ago that because of the fact that two principal stockholders had been willing to put their hand in their pockets and lend the company money to conduct its operations, a valuation for its preferred stock would in time be worked out. Unfortunately, however, in 1929 the corn pack in Maryland was almost a failure, to be followed up this year by an entire failure of the pea pack and only about a 15% corn pack. It is certainly unfortunate for all of us who are stockholders that we ran into two years in succession of exceedingly bad weather, as the company is now ably managed and I believe that had conditions been normal, although we should have had to reorganize probably in any event, we should have been able to offer some reasonable amount of security to the preferred stockholders. The position of the company at the present time is such that even its two largest stockholders, who, outside of a small mortgage indebtedness are its only creditors, could not today expect to receive 100% in liquidation."

Easton Furniture Manufacturing Company of Talbot County. Incorporated in Maryland and according to records is still in good standing with the Tax Commission of that state. The officers according to a report filed January 1, 1930, are: President, W. P. Chaffinch, Easton, Maryland; Vice-President, A. F. Grace, Easton, Maryland; Secretary and Treasurer, W. H. Kemp, Easton, Maryland. This company has been in existence a great many years and we believe it is in competent hands and well managed. However, they sustained a loss in 1928, but in 1929 made a small profit. This year we understand they are doing an increasing business, but on a small basis of profit and they will likely about break even according to information we have received. If the business was liquidated the stock would probably be worth about 5. The company has not paid dividends for several years.

Edwards Oil & Refining Corp.	Reported as a corporation of the State of Louisiana. However, the Secretary of State of Louisiana informed us that they do not find that a charter has been filed and recorded for this company in this office. We have searched our files and oil books for many years back, and find no record of such a company. It is our opinion that the company has been out of existence for many years and the shares worthless.

Edwards Railroad Electric Light Company.	Organized under the laws of Indiana in 1892, for the purpose of manufacturing the electric railroad lights for use on locomotives. The company had a building under lease at La Porte, Indiana, which was used to manufacture the lights and the main office was located at 1217 Monadnock Building, Chicago, Illinois, in 1905. In 1905 the company had about 20 lights in operation and its main object was furnishing supplies for them. The company was not successful in placing its lights, owing to the price of its lights being about $75.00 more than other electric lights. The company had no orders on hand in 1905 and was doing very little business. Stock was offered for sale about 1905 at $6.00 a share, with no buyers. The United States Investor in 1905 stated that only a reorganization would have saved the company. Evidently funds could not have been obtained for the stock was reported as worthless in 1910 for Transfer Tax purposes. In view of the above, we submit the shares as worthless.

Electric Carriage Call Company. Incorporated in New York and had an office at 328 W. 41st Street, New York City, in 1907. Joseph Norden was President. In 1908 the company was located at 173 Christopher Street, New York City. In 1909 the company operated under the names of Electric Carriage Call & Specialty Company with the same officers. In 1923 the company was located at 112 E. 125th Street, New York City. In 1930 these men were associated with Norden Company, Inc. The sponsors of these companies changed their addresses and formed new corporations so fast that it was hard to keep track of them. We have been unable to find any further trace of the companies. However, Mortimer Norden, who was formerly interested in these companies and is now located with the General Outdoor Advertising Company, informed us that the stock of the Electric Carriage Call Company has no value. Therefore, we submit the shares as worthless as of August 9, 1931.

electric light plants and have built up quite a good business, although it is reported that their working capital has not kept pace with their growth. We understand that a rating on this company may be obtained from Dun's or Bradstreet's. Barnes and Lofland, security auctioneers of this city informed us last year that they had offered some of this stock in February, 1928 at $70 a share but there was no sale. The market is very restricted in this stock. The company maintains banking relations with the City National Bank & Trust Company, 1505 Walnut Street, Phila. J. E. Whitesell, Treasurer of the Electric Power Equipment Corporation, is a director in this bank. The bank reports that the company is "doing a very satisfactory business." We learn from another source, however, that it is rumored that they ran into financial difficulty last year and were forced to pass their dividends. We understand, however, that they expect to pay them to date very soon (1929).

Electromatic Typewriter Company. The stock of this company is closely held and we do not know of any market for it at the present time. Last July warrants were issued to the stockholders giving them the right to purchase additional stock at $30 per share payable $10 on September 1, 1930, $10 December 1, 1930 and $10 March 1, 1931. Since that time over 7,000 shares have been sold for $30 a share. The company only started production a few months ago. They maintain offices in Rochester, New York and 808 Lincoln Building, 60 East 42nd Street, New York City.

El Favor Mining Company. This company was organized under the laws of the State of Arizona in 1906 and owned certain valuable mining property in Mexico. Operations had to be suspended in May 1914, because of international disturbances in that country and the company has never been able to resume operations. In view of the fact that the company has been unable to operate for a number of years, we do not feel that these shares could be fairly said to have had anything more than a nominal value, if any, at the present time.

Elgin Motors, Inc. On June 25, 1924, this company was placed in the hands of a receiver, Mr. Ralph A. Young of Indianapolis. He informed us that all of the assets both real and personal were converted into cash and a distribution made to the creditors. The amount of cash realized from the sale was only sufficient to pay creditors 30½ per cent on the dollar. There was no money for distribution to the stockholders. The receiver filed his final report with the court on July 3, 1925, which report was approved. Receiver discharged and the case disposed of.

Elkhorn Mining and Milling Company. Incorporated in Arizona and had a place of business at Buena Vista, Colorado. The company was reported to have owned 12 claims near Buena Vista. We were informed that the company did not file any reports since 1904 and it is believed the company went out of business that year. It is our opinion that the shares are without value.

El Paso Consolidated Gold Mining Company. Incorporated Colorado in 1893, and had an office in the Patterson Building, Denver, Colorado. About 1925 the property was foreclosed to satisfy a judgment of the Beacon Hill Mining & Milling Company for $25,000, and was bought in by the El Paso Company, which had eleven months to pay off the debt. On January 2, 1927, the New El Paso Mines, Inc., was organized in Colorado to take a 5 year lease with option to purchase from Beacon Hill the property of the El Paso. The new company was able to make final payment in 1929. The new company reported some sensational strikes and paid their debts before the expiration of the time limit. Their office is located at the Patterson Building, Denver, Colorado, and the new stock is quoted by Kamp & Company of Denver at 1 cent bid, 2 cents asked. (1931)

El Placer Company. Incorporated in Mass. This company filed its last certificate on February 18, 1929, giving the names of the President and Treasurer as follows: Arthur P. Teele, President; E. A. Phippen, Treasurer. So far as appears of record here said company still has a legal existence. However in said certificate of condition appears the following note: "This company has been inactive for many years and has revived in 1926 for the sole purpose of prosecuting a claim against the Mexican Government which is now pending before the Mixed Claims Commission at Washington. Other than this problematical claim it has no assets." We find no market for the stock at the present time.

Ely Consolidated Copper Company.	Incorporated in Utah on Oct 2, 1906 and was located at 220 Felt Bldg., Salt Lake City, Utah. There were eight assessments aggregating 33c. levied on the old stock. If the assessments were not paid on your shares, the stock was probably sold to cover assessment. On December 2, 1926, 700 shares were sold at auction for $1 the lot. The company lost its charter in April 1923. It is our opinion that the shares are worthless.

Empire Office Partition Co. Inc. N. Y. 1932.
Empire and Oil City Petroleum Company. Incorporated in Pennsylvania in 1864 and had an office in Philadelphia. The last report filed by the company was in 1864, and lost their charter in 1883. It seems that this company was a complete failure for they went out of business the same year. The Court of Venango County, Pennsylvania, has no funds for this stock, and it is our opinion that the shares are worthless.

There is no open market for stock in this company, but the company will no doubt supply you with the necessary information.	
Endahl-Dewolf Land Company.	We have been informed that the stock of this company probably had a value of about $15 per share as of the date of death. Therefore, we submit $15 per share as a a fair value as of April 23, 1929.

Enders, H. H., & Company.	Incorporated—Massachusetts. Officers—H. H. Enders, president and director; Howard A. Cutler, treasurer and director; Carl C. Hyllested, clerk and director. We are advised that this company was purely speculative depending on the outcome of three drilling operations. These operations failed to produce oil and the company collapsed. There were no assets. If the wells proved to be a failure subsequent to 1923, the failures showed that there never was any real value at any time. We therefore believe the stock of this company without value as of 1923.

Engineers Petroleum Company. Incorporated under the laws of Delaware and reported an office at Toledo, Ohio. A. O. Goodwin & Company, brokers at 42 Broadway, reported in 1922 that the company was doing fairly well and had a well at El Dorado, Arkansas, and royalty interested on leases in Texas. We located the company in 1921 Petroleum Register but failed to find that the company existed after 1922. The stock was offered at 3 cents per share in 1928 with no bids and it is our opinion that the company's ventures failed to materialize and the stock is worthless.

Engravograph Corporation. Incorporated in Delaware and was engaged in the engraving machine business with an office at 105 Sixth Avenue, N. Y. C. in 1930. In 1932 we were unable to find any further trace of the company. Mr. A. J. Griffith, former Secretary of the company informed us in September of 1932 that the company was out of business and the shares worthless. In fact it is Mr. Griffith's opinion that as the stock became worthless in 1932 it could be deducted for that year. Therefore, we submit the preferred and common shares as worthless as of 1932.

Erie Exposition Association.	Incorporated in Pennsylvania. Office: Palace Hardware Bldg., Erie, Pa. We have information from banks in the town of Erie, which is to the effect that subscriptions to the stock were made principally to forward the project for securing exposition grounds in that town and were considered as gifts. The company has been in the hands of receivers and we are advised that after property is sold, the money received will only be sufficient to cover labor claims. We believe the stock valueless.

Ernestine Gold Mining Company.	Incorporated under the laws of the State of Colorado about 1895. We searched our mining records since that time, and failed to find any record of construction or any evidence that the stock ever had a value. The company was advertised as defunct and inoperative September 16, 1913, for failure to file annual reports or pay corporation license tax as required by law. It is our opinion that the company did not get beyond the development stage. The shares are absolutely worthless.

Escondida Mining Company.	This company was incorporated under the laws of Arizona June 25, 1909, and since said date has failed to file reports or pay registration fees annually, as required by law, and will be declared legally dead in due course. We have been unable to find a record of the company's operations in mining manuals since 1909, nor any value of its stock, which we believe is worthless.

Esmeralda Mining Company.	Incorporated in New York in 1880. The property of the company was sold at foreclosure sale many years ago. Mr. C. Buckley, Treasurer, informed our office in 1912 that there was no equity left for the stockholders after foreclosure and that the shares were without value. Therefore we submit the shares as worthless.

Esmeralda Silver Lead Company.	Incorporated in Nevada April 4, 1910 and at the present time is delinquent in payment of taxes, never having paid any since its incorporation. The company only filed one report with the proper authorities and that was in May, 1910 when the following were officers:—R. J. Anderson, President, 472 Bullett Bldg., Phila., Pa.; F. S. Anderson, Vice-President, 472 Bullett Bldg., Phila., Pa.; John O. Tombler, Secretary & Treasurer, Bishop, Calif. We do not find any trace of this company or its officers for a great many years and believe it out of existence at the present time. As far as we can ascertain there is no market for the stock, which we believe valueless at the present time.

Estado De Durango. Interest on the above bonds has not been paid since 1913. As to the possibility of the bonds being paid off, is a matter of the future. The Banco Nacional de Mexico of Durango, Mexico and Jerome B. Sullivan & Company of New York City informed us that there is no market for the bonds. In view of the above we believe these bonds have only a nominal value at the present time.

Estates Realty Co.		3
Estates Security Corporation. Incorporated in New York and was engaged in real estate business with an office at 485 Madison Avenue, New York City. We were informed that Lloyd T. Phyfe, of 230 Park Avenue, New York City, was appointed as receiver for the company. Mr. Nicholas of Mr. Phyfe's office informed us that the liabilities amounted to $200,000 and the assets about $75,000. He also stated that there is not a chance of the creditors being paid in full, and would wipe out entirely any equity for the stock, which is, in our opinion, without value.

Etta Mining & Milling Company. Incorporated in Arizona 1887 and since that date has not filed a report or paid license fees. We find no trace of the company for a long time and believe it went out of existence many years ago. On November 2nd, 1912 its charter expired by limitation. As far as we can ascertain there is no market for the stock which we believe valueless at the present time.

Evans, Sprague and Sturges, Inc. We have failed to find any further trace of this company. Our representative made inquiry at their former address in Chicago and was informed that no trace of the company could be found. As far as we have been able to ascertain, this company sold the stock of the Chicago & Western Coal Products Company. The stock, according to our records has never had any value and is in our opinion worthless.

Excelsior Baking Co,. Inc.	N. Y. 1929.	
Excelsior Barrel & Oil Company.	Incorporated—New York, May 26, 1881. Officers—E. B. McGurkin, president; A. W. Blye, secretary. We find no trace of this company for a great many years and on April 1, 1924 the charter of the company was forfeited. The company, we are informed, was not taken over by the Standard Oil Interest. There is absolutely no market for the stock which we believe worthless at the present time.

Excelsior Coke & Gas Company.	Incorporated in Kansas and was located at Topeka, Kansas. The charter of the company was forfeited June 5, 1912 for non-payment of three years taxes. Apparently the company went out of business in 1909. We have found no evidence that the shares have any value. In view of the above we believe the shares are without value.

Farmers Trust, Banking & Deposit Company. This bank, formerly of Baltimore, Md., was placed in the receivers' hands on Oct. 10, 1907. Tightness of the money market was given as the cause of the company's embarrassment. Receivers: Charles W. Heuisler, John Phelps, Elbridge S. Johnson, Beverly W. Wister. At the time it was reported that the company was involved in a lot of real estate promotions. We have failed to find any evidence that the shares of this bank have any value. It is our opinion that the shares are worthless.

Farms Company of Maryland.	Incorporated Maryland. Last reported address was care of Robert Crane, Treas., Otis Bldg., Washington, D. C. The charter of this corporation was forfeited for non-payment of taxes on April 10, 1928. Letters addressed to the treasurer have not been answered and it is our belief that the company is out of business. As far as we can ascertain there is no market for the stock, which we believe has only a nominal, if any, value at the present time.

Faybert Realty Company, Inc.	Value of stock dated 1925. Incorporated in New York December 3, 1925 and was located in Bronx County, New York. William H. Weissager, formerly an officer of the company, was at one time located at 565 Fifth Avenue, New York City. Letters addressed to Mr. Weissager were returned marked "removed—left no address." We located Mr. Weissager at 234 West 44th Street, New York City, through the Bar Association. He informed us that the Bronx County Trust Company foreclosed on a second mortgage on the property of the company some years ago and bought in the property. The first mortgage was held by the Prudence Company. According to Mr. Weissager, there was no equity left for the stock, which is without value.

Fedco Number Plate Corp. Changed its name to the Fedco System, Inc. The assets were sold to the International Safety Number Plate Corporation and were given the right to subscribe for stock in this corporation. Only 25 per cent of the stockholders availed themselves of this privilege. Fedco stock, therefore, has no further value.

Fedco Number Plate Corporation. This corporation was incorporated May 13, 1924, and filed an amendment June 3, 1927, changing the name to Fedco System, Inc. This company is in existence with an office at 545 Fifth Avenue, New York City. The resident agent is Julian C. Walker, 514-515 Ford Building, Wilmington, Delaware, and the following are the names of the officers: President, William H. Wheeler, 12 E. 41st St., N. Y. C.; Vice-President, W. H. Wingers, 300 Madison Avenue, N. Y. C.; Treasurer, Stephen J. Heagan, 76 William Street, N. Y. C.; Secretary, Stephen J. Heagan, 76 William Street, N. Y. C. For further information we refer you to the new company.

Federal Adding Machine Corporation. Incorporated in New Jersey, September 27, 1917, to manufacture adding machines. Company issued $2,464,990 8% cumulative preferred and $4,947,080 common stock par $10. In September 1919 the company offered the preferred stock at par with the common as a bonus and at that time had an office at 251 Fourth Avenue, New York City. Subsequently (1922) a receiver was appointed following which a Stockholders Protective Committee was formed requesting the deposit of the capital stock. The new company was formed which is now in existence and known as the Federal Adding Machine, Inc. The old stockholders were given the right to purchase the stock of the new company which right expired some time ago. We find that the old preferred and common stock sold at auction on January 2, 1926 at $1. the lot for 100 shares of preferred and $1. the lot for 100 shares of common, so that we consider this old stock to be worthless. The reported officers of the defunct company were: Rowland S. Woodruff, president; Harry B. Venn, Vice-President; E. B. Denison, Treasurer. The New York Company was affiliated with the New Jersey Company. Both companies are out of existence and their shares were worthless as of October 16, 1933.

Federal Milk Products Company. On September 18, 1899 the National Nutrient Company was organized under the laws of New Jersey with an authorized capital stock of $3,000,000, Par $100, and an office at 79 Hudson St., Jersey City, N. J. On December 28, 1912, the name of this company was changed to the National White Cross Milk Company and the capital stock increased to $12,000,000; on May 22, 1914, the name was again changed to the Federal Milk Products Company. The assets of the latter company were reported some years ago to consist of a patent agreement by which company received royalties and paid dividends of approximately 2 cents a share per annum. The par value of the capital stock was reduced in 1919 to 50 cents a share. During the year 1916, the stock sold at 8 cents a share. During 1917, at 10 cents a share and during 1919, it was offered at 7 cents a share with no bids. At the present time the company has an office at 1 Montgomery St., Jersey City, N. J., and as we believe the stock to have some value, we would suggest that you communicate with the company direct. (1926)

Federal Mines & Metals Company. Value of capital stock (par $1.00). Incorporated under the laws of the State of Arizona, November 4, 1910, and since 1919 has failed to file reports or pay registration fees. We have searched our mining directories and find no trace of this company. There is absolutely no market for the stock. We do not believe the shares had more than a nominal, if any, value as of April 5, 1932, and submit them as such as of that date. The only address of the Company is that of the resident agent, Robt. E. Morrison, Prescott, Ariz. The Company owned 17 mining claims in the Cherry Creek Mining District, Yonapan County, Ariz.

Fell Boiler Improvement Co. Incorporated in New York on July 25, 1881 and went out of existence sometime prior to 1893, as it was not listed as a going concern at that time. The United States Investor reported the company extinct in 1902. In 1903 another source reported that the company became extinct in 1883 and that the stock was worthless. In view of the above we believe the shares are without value.

Fentress Coal & Coke Company. We are unable to find any trace of this company at the present time. The Agent for this company advises that they have not heard of it for a great many years and does not know its present status or whereabouts. Our records show that the company had two addresses, one being 811 Arcade Building, Philadelphia, and the other 710 Otis Building, Philadelphia. However, letters addressed to both these places have been returnd and marked "unclaimed". We are also unable to advise the name of the Trustee. As far as we can ascertain there is absolutely no market for the 6 per cent. bonds due in 1950.

Fessler (Weaver F.) Corporation.	Company operated in the Genesee Building, Buffalo, New York, for several months during the latter part of 1928 and the early part of 1929. We are further informed that Mr. Fessler left Buffalo in April, 1929, and his address is not available. An individual who was associated with Fessler in this enterprise and who, incidentally, was formerly connected with one of the local banks and is very well regarded, informs us that so far as he knew, he and Fessler were the only stockholders of the company and that he, of course, had written the stock off as valueless. We understand that the company was organized for the purpose of preparing and marketing a stock market service.

Finance Service Corporation. Value of 8% Debenture Bonds Due 1946. Incorporated under the laws of the State of New Jersey January 29, 1926 and is located at 304 Market Street, Camden, New Jersey. We understand that the company has not paid any interest on their debenture bonds for the last two years. Apparently the bonds have no equity for no action has been taken against the company, as far as we know. The corporation has refused to send us statements of their condition. With this in mind, and for the fact that the bonds had no market at any time near April 4, 1932, we do not believe the 8% debenture bonds had more than nominal, if any, value as of April 4, 1932, and submit them as such as of that date.

Findlay, John B., Co., Inc.	N. Y. 1930.	
Findlay Motor Company. This company failed in 1911. On January 16, 1913 the property of the company at Findlay, Ohio, was ordered sold by the United States District Court at Toledo, Ohio. A decree was entered by the Hon. John M. Killits on February 8, 1913 confirming the sale of the property for $50,000. Apparently nothing was realized by the stockholders, for the final report on the company only mentioned that the money was to be paid to the creditors of which, the Ewing American Motor Company was the principal one. It is our opinion that the shares are worthless.

The company's office at 130 West 42nd Street has been discontinued and we can find no further trace. On December 21, 1927, 20 shares were sold at auction at $15 for the lot. It is our opinion that the shares have only a nominal, if any, value at the present time.

The receivership of this bank has not been terminated but present indications are that no distribution whatever will be made to stockholders from the bank's assets since there will be insufficient funds to liquidate the claims of the depositors and other creditors. In view of the above we submit the shares as worthless.

First National Bank of Fort Payne.	The Assistant Supervision Receiver, Division of Insolvent National Banks, informed us that the above bank was suspended in 1894, and his records indicate that all of the remaining assets of the bank were sold to A. L. Campbell of Fort Payne on June 7, 1897 for a cash consideration of $115. The depositors and other creditors of the bank received dividends, in the amount of 100% of their claims, but his records do not disclose the payment of any interest thereon. Since the remaining assets of the bank were sold in order for the proceeds to be distributed to the creditors of the bank, it is apparent that stock in the bank has no value whatever.

First State Bank, Winter Haven, Florida. This bank suspended business in 1929 the stock is valueless. In fact, an appraisal of the assets of the bank show that they were insufficient to pay the depositors in full and an assessment of 100% was levied against the shareholders. As no payment can be made to the stockholders until such time as depositors are paid in full and it is apparent that the assets, together with assessment against the shareholders will be insufficient to pay them in full there can be no payments to the stockholders.

Fish, George B., Co.	N. J. 1930.	
Fish, Geo. L., Corporation.	Incorporated—Nevada. There is no stock being sold at this time, therefore, there is no market for the stock of this corporation. Before Mr. Fish passed away he caused a lease for use of the patents and all other property of the corporation to be granted to the Geo. L. Fish Company, a trust, and so far that company has not been able to do much with the property. However, the company is still trying to perfect the business and should the company succeed then the stock will have a cash value. Mr. Jos. A. Brown, Fullerton, California, is the secretary of the company and gave us the above data.

Flag Paving Brick & Products Company. This company is now located at Globe, Arizona and the company advises us that the par value of both common and preferred stock is $10 per share. The preferred bears interest at the rate of 7½% payable semi-annually, and one half share of common given with each share of preferred. The common stock does not participate in any profits until the plant is in operation and after the 7½% dividend on the preferred stock is paid. It is anticipated, however, that the common stock will pay an average of $33.33 per share very year, once the plant is in operation. For further data we refer you to the company.

Flat Rock Oil Company.	Incorporated in South Dakota in 1902 and the term of existence expired by limitation in 1922. The U. S. Investor reported in 1907 that the stock had very little value behind it. In view of the above, we believe the company was short lived and the shares worthless as of April 13, 1931.

Flemish-Lynn Phonograph Company.	Incorporated—New Jersey. This company failed on October 18, 1918 and a petition in bankruptcy was filed against the company in Brooklyn. Mr. Edward O. West, former agent of the company, informed us that it was his understanding that the company met with financial difficulties several years ago, and went out of business. The charter of this company was forfeited on March 15, 1921 for unpaid taxes of 1918. In view of the above we do not believe the shares of the company have any value and submit them as such.

Flintmar Productions, Inc.	This company was formed in 1929 for the purpose of presenting a stage production of a play called "The Humbug." The play was produced in New York in November and was withdrawn after a dozen performances, for it was a complete failure. This sole activity of the company caused it to sustain a loss of over $25,000. The company has no assets of any kind and does not intend to engage in any other activities. The stock, therefore, has no value.

negotiated in about the year 1913 and as the payments for lands deeded from time to time were received during the following years, the net proceeds were distributed to the stockholders of record. The original Kinney stockholders were residents of Cincinnati, Ohio and after their deaths, their shares were divided among a number of heirs. The distribution of the proceeds received from the sale of lands were made during the years 1903 to 1909, which dates are prior to the date of the certificates held by you as trustee and therefore received no distribution. A confirmation of the above may be obtained from Henry R. Zesinger, 783 Drexel Bldg., Philadelphia, Penn. It is therefore reasonable to assume that the shares now held by you are without value.

Florida Railway Company. First Mortgage 5's of 1959. Wm. B. Winslow, 118 E. 27th Street, New York City, informed us that he was a receiver in U. S. District Court in New York, but there was no property in this district, so he received nothing. The Florida Railway was sold by the State Court proceedings for taxes. His understanding was that absolutely nothing was received above taxes and Court expenses and the bonds are worth nothing.

Foley-O'Brien, Ltd. Incorporated—Ontario, April 3, 1911. Capital—$3,000,000, par value $5. Office—S. J. Dark, 1104 D. S. Morgan Bldg., Buffalo, N. Y. Considerable work some years ago failed to develop any large amount of payable ore. The property was a "show" one in 1911 for its big veins and free gold; however no recent work has been done on the property. As far as we can ascertain there is no market for the stock, which we believe has only a nominal, if any, value at the present time.

Folsom, Josie K., Mining & Milling Company. Incorporated in Colorado and filed its last annual report on February 21, 1930, giving the following officers:—Pres., Rev. Josie K. Folsom-Stewart, Louisville, Ky.; Sec., Chas. W. Stewart; Treas., Fred W. Kublin, 4280A Holly Ave., St. Louis, Mo. We have received the following letter from the Treasurer of the company:—"This company is still in existence, has had its charter renewed in May, 1930, owns 51 acres of mineral ground in Saguache County, Colorado. On this ground are eight mineral veins, a shaft 287 feet deep, boiler, boiler house, engine house with a steam hoist and steam driven air compressor installed this summer. The officers and members of the board of the company have voluntarily expended over $6000 of their own money this summer to deepen the shaft, for prospecting by drifts, and for extra equipment, etc. The stock has been held very closely among the few original stockholders, and those who put up money to further the work have taken stock at par in return for the money furnished. To those who have faith in the successful outcome of the enterprise, the stock should be worth its par value, and as there are indications that the work will be opened up again next Spring or Summer, your client might do well to hold on to it a while longer, as I know of no market where it can be sold unless some one could be found that would be willing to 'take a chance' on it. The company has no indebtedness, pays no salaries, and has high hopes for success, and its officers have furnished three fourths of all the money expended on the property in the last 23 years."

Fort Stockton Oil Syndicate.	There is no such company listed as a Texas corporation. There was a Fort Stockton Oil Company a foreign corporation with headquarters in Oklahoma City, Okla., that was granted a permit to do business in Texas September 2, 1928, but surrendered this permit November 10, 1930. We have found no evidence that the stock ever had a value, and it is our opinion that the shares are worthless.

Forty Nine Mining Company, Ltd. Incorporated—March 1919, in British Columbia. Address—S. I. Silverman, 149 Broadway, New York City. The property of this company has been dormant since about 1920. Some time ago the company, we understand, went into receivership and the property was taken over by the bondholders who are now in charge of the company's affairs. We are advised it may take a few months or years to wind up the company's affairs and then there is only a slight probability that the stock will have any value. At present there is absolutely no market for the stock which we believe has only a nominal, if any, value at the present time.
